

SQUARE ONE // LEG TABLES

Simply follow the numbered steps to design your very own dining room leg table! Hundreds of leg tables can be created with these easy-to-understand options. All #27034 Square One leg tables will feature a 1" thick top, 12" wide leaves and non-gear wood slides. **SELF-STORING FOR SQUARE ONE TABLES:** Due to the number of variables in table sizes, top shapes, and number of leaves, we can't guarantee self-storing abilities on the Square One tables. We do, however, make self-storing a priority when possible. If a leaf will self-store without apron, we will automatically keep the apron off unless otherwise specified on your purchase order. The self-storing ability of each table will be specified on your confirmation.
