

# Custom Wood Furniture

**CREATIVE  
CLASSICS**

## Affordable Luxury!

By partnering with smaller US makers we can offer custom furniture at reasonable prices. Talk to us about what you need.

We will show you examples of wood pieces that may work as a starting point in terms of style and quality.

From there we take your custom dimensions and requirements and produce a drawing for the furniture maker illustrating the changes required.

If you need help visualizing the end result, we can send you our drawings or a computer rendering to approve along with the price quote for the changes.

There is a \$50 fee for 3-D renderings that is credited toward your purchase of the quoted item.

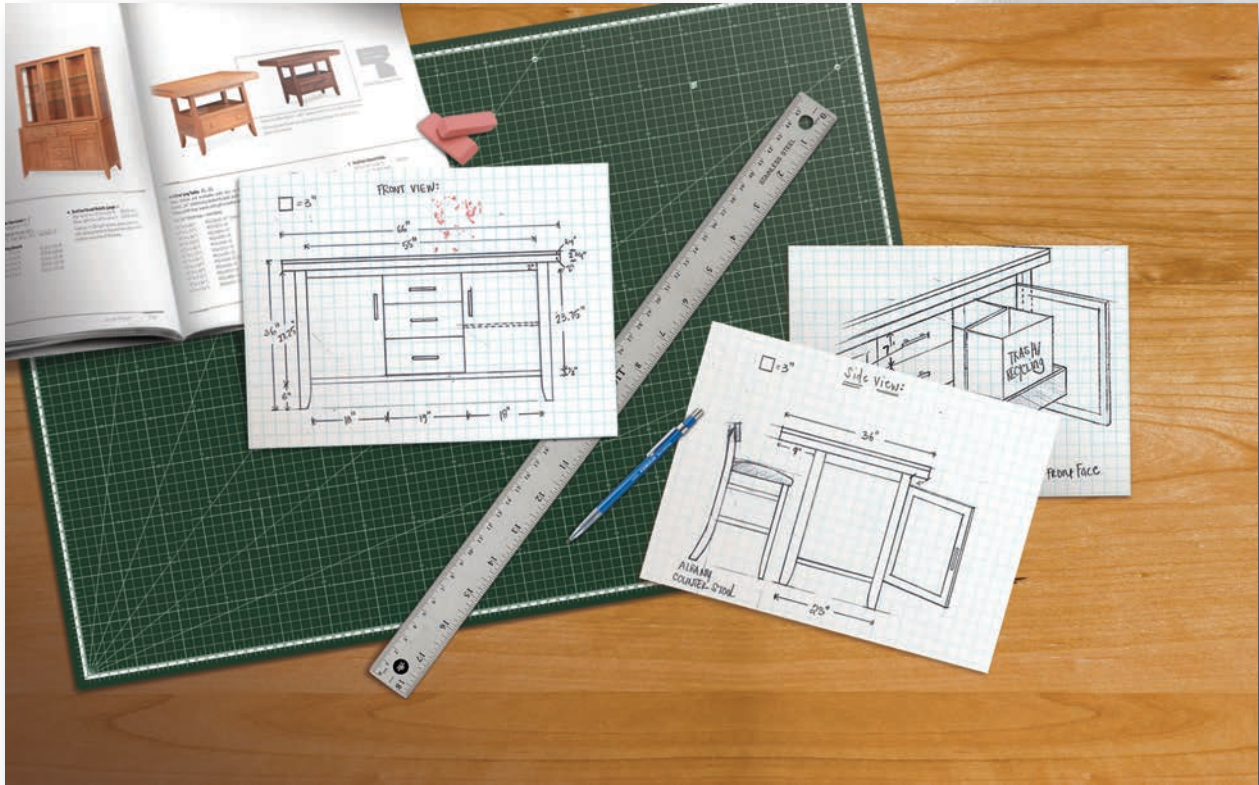

Once you accept the quote, we have the item made just for you. (Reverse side of finished cabinet shown in main photo).

*Please note: We do not do "built in" installations. All our custom furniture is free-standing so that you may take it with you if you move.*

# Just The Way You Want It

## Almost anything is possible!

Any piece can be reconfigured for a different function. Let us know what you need and we will do our best to make it happen.

**Inspiration is everywhere.** We used this dining cabinet in our showroom as the basis for our client's custom TV stand.
